*Deputy Director Administration***MINISTRY OF IRON AND STEEL****Iron & Steel Control****PUBLIC NOTICE***Calcutta-1, the 4th August 1966*

SUB : Liberalisation of policy for import of Iron & Steel & ferro alloys, by actual users in the small scale sector for the period April 1966—March 1967.

No. I&E/IV/2-1/66/A—It has been decided to issue special import licences for the period April 1966—March 1967, on a liberal basis, to small scale industries for import of essential items of iron & steel & ferro alloys, for which Iron & Steel Controller is the licensing authority. Actual users in the small scale sector to whom import licences for iron & steel & ferro alloys have been issued or may be issued for the period April—Sept. 1964, Oct. '64—March '65, or for the period April '65—March '66

will be eligible for the grant of liberal licence under this Public Notice.

2. The basis of licensing and the procedure for submission of import applications under this Public Notice are indicated below :—

(a) *Basis of Licensing :*

- (i) The entitlement of the applicant for grant of special licence will be calculated on the basis of the value of the import licence for iron & steel & ferro alloys issued to him for the period April—Sept. '64 and Oct. '64—March '65. If any applicant has not obtained an import licence in the said period, the entitlement for the special licence will be calculated on the basis of the value of the licences issued to him during the period Apr. '65—Mar. '66. The allotment of iron & steel imported through M/s. Mineral & Metals Trading Corporation of India Ltd. against recommendations of the sponsoring authorities, in lieu of import licences for part of demands against import applications for those periods will be taken into account for the calculation of the entitlement.
- (ii) In the case of an applicant engaged in the priority industries listed in the Appendix to this Public Notice, the entitlement for the special licence will be three times the value of the import licence (including allotments, if any, from M/s. M.M.T.C.) for iron & steel & ferro alloys, issued to him for the period April '64—Sept. '64 & Oct. '64—March '65, or 12 times the value of the import licence (including allotments, if any, from M/s. M.M.T.C.) issued to him for the period April '65—March '66, as the case may be, without taking into account the enhancement in the value of licence allowed as a result of devaluation of the rupee.
- (iii) In the case of an applicant engaged in industries other than those listed in the Appendix to this Public Notice, the entitlement for the special licence will be twice the value of the import licence (including allotments, if any, from M/s. M.M.T.C.) for iron & steel & ferro alloys issued to him for the period April—Sept. '64 & Oct. '64—March '65 or 8 times the value of the import licence (including allotments, if any, from M/s. M.M.T.C.) issued to him for the period April '65—March '66 as the case may be, without taking into account the enhancement in the value of licence allowed as a result of devaluation of the rupee.
- (iv) If any applicant has obtained advance licence or allotment from M/s. M.M.T.C. for the period April—Sept. '66 in terms of I. & S.C.'s Public Notice No. 1/1-116/66/A, dated 14th April 1966, and No. 1/1-116/66/B, dated 14th April, 1966, for the period April—Sept. '66, the value of such licences and allotment will be adjusted against his entitlement for the special licence to be issued under this Public Notice. The validity of the Public Notices, dated 14th April, 1966, referred to above, is extended for the licensing period Oct. '66—March '67 so far as it relates to actual users under small scale industries.
- (v) The items allowed to be imported against the special licence issued under this Public Notice will be same as allowed against the import licence for the period April—Sept. '64 and Oct. '64—March '65, or April '65—March '66, as the cases may be, provided that those are licensable as per import policy announced by Iron & Steel Controller from time to time.
- (vi) The mode of payment (free foreign exchange or rupee) in respect of special import licences issued under this Public Notice will be the same as that for the corresponding import licence for aforesaid periods on which the special licence is based.

(b) *Procedure for Submission of applications :*

Small scale units who are eligible to the grant of special licences under this Public Notice should submit their applications for import licences in the manner indicated below :—

- (i) The applications should be made in the prescribed forms, i.e., W.S.B. 27-A (Revised) and

"Application for special import licence for iron & steel & ferro alloys".
- (iii) The application should be filed in the main & regional offices of the Iron & Steel Controller at Calcutta/Bombay/Madras/New Delhi, as the case may be. Such applications will not be required to be routed through the sponsoring authorities.

(along with the list of items indicated in the licence and allotment letters), issued to the applicant for import for the period April—Sept. '64 & Oct. '64—March '65 or April '65—March '66 if the applicant had not obtained a licence/allotment from M/s. M.M.T.C.'s import for the period April '64—March '65. If an applicant has obtained licence for iron & steel & ferro alloys, both against free exchange and from rupee area for the period April '64—Sept. '64 & Oct. '64—March '65 or April '65—March '66 and allotments from M.M.T.C. for these periods, as the case may be, he should send photostat copies and list of items of the licences and allotments, as stated above, along with his application. In place of photostat copies, the applicant can produce the original licence and allotment letter with attested copies thereof.
- (v) The application should be accompanied by five copies of the lists of items sought to be imported. Separate sets of lists should be sent in respect of items to be imported against free foreign exchange and those to be imported from rupee payment area. The licensing authorities will allow import of only those items which were permitted to the applicant against his licence/allotment from M/s. M.M.T.C. for the period April—Sept. '64 & Oct. '64—March '65 or April '65—March '66, as the case may be, provided that the items are licensable as per Iron & Steel Controller's Import Policy declared for the period April '66—March '67.
- (vi) Along with the application, the applicant should also furnish a declaration on plain paper indicating whether or not he has obtained advance licence for import/allotment from M/s. M.M.T.C. against his import application for period April—Sept. '66. If such a licence for allotment letter has been issued in his favour, the value of import licence and allotment order should be indicated in the declaration.

The licensee shall maintain proper account of consumption and utilisation of the goods imported against the licence.
- (ii) Amongst the items covered by a licence issued under this Public Notice, it will be open to the licensee to import any item of any value except Stainless Steel provided the value of the total import does not exceed over-all face value of the licence.
- (iii) The period of validity of licences issued under this Public Notice will be twelve months. No extension in the period of validity will be granted in any circumstances.

4. The last date for submission of applications under this Public Notice will be 15th Sept., '66.

In the case of units engaged in the priority industries mentioned in the Appendix to this Public Notice, applications for the issue of supplementary licences will be considered after the materials covering half the value of the special licence issued under this Public Notice have been shipped. In the application for such supplementary licences, the applicant should indicate how far his production will increase by the issue of supplementary licence.

6. In the case of actual users who are not eligible to the grant of licences under the provision of this Public Notice, the import applications already submitted in terms of import policy for the period April—Sept. '66 will be considered on the basis of the recommendations of the sponsoring authorities. The policy for the issue of import licences in such cases for the second half of the year, i.e., Oct. 5. Actual Users engaged in the priority industries may apply through the sponsoring authority for the grant of supplementary licences for import from Rupee Payment Area, U.S.A. and other sources respectively to cover their further requirements till the end of June, 1967, after shipments have been effected under the initial licences for at least half the value of the licence in the case of imports from Rupee Payment Area and for at least half the value of the letters of credit opened against the licence for imports from other sources. The levels of production expected to be achieved as a result of imports proposed to be made under the supplementary licences should be indicated in the applications for supplementary licences.

D.G.T.D. will take into consideration such earlier recommendations for period April/September '66 made on advance basis for the period April/September '66 while making fresh recommendations as per this Public Notice.

8. 9. As regards the requirements of industries, covered by I.D.A. Assistance Scheme, D.G.T.D. will recommend import of steel items to C.C.I. & E. instead of to the Iron & Steel Controller. 11. The period of validity of Import licences will be twelve months unless otherwise provided.

12. In respect of applications for these special licences to be issued for the licensing period April, 1966/March,

(ii) *Certificate of age.*—The date of birth ordinarily accepted by the Commission is that entered in the Matriculation Certificate or in the Secondary School Leaving Certificate (or in a certificate recognised by an Indian University as equivalent to Matriculation) or in an extract from a Register of Matriculates maintained by a University, which extract must be certified by the proper authority of the University. The expression "Matriculation Certificate" in this part of the instructions must be understood as including these alternative certificates.

Candidates will thus understand that the Matriculation Certificate is required in all cases as evidence of age, and it must invariably be sent to the Commission, in original, with a copy thereof, together with the application.

Sometimes the Matriculation or equivalent Certificate does not show the date of birth, or only shows the age by completed years or completed years and months. In such cases a candidate must send in addition to the Matriculation or equivalent certificate, an original certificate, together with a copy thereof, from the Headmaster/Principal of the institution from where he passed the Matriculation or equivalent examination, showing the date of his birth or his exact age as recorded in the Admission Register of the Institution.

(iii) *Certificate of Character.*—A candidate must submit a certificate of character, in original, together with a copy thereof, from some person in authority (e.g. Principal, Proctor, Dean, etc.) at an educational institution which he is attending or has attended for at least one year during the three years immediately preceding the date of his application.

The signatory of the certificate should give his designation in full.

Note 1.—A candidate who has not attended any educational institution for at least one academic year within three years immediately preceding the date of his application may submit a certificate of character, in original, with a copy thereof, from a Gazetted officer in service.

Note 2.—Only one certificate of character is required.

The certificate submitted must be one issued by the authority (i.e. University or other examining body) awarding the particular qualification. If such a certificate or diploma is not submitted, the candidate must explain its absence and submit such other evidence in original, as he can to support his claim to the requisite qualifications. The Commission will consider this evidence on its merits but do not bind themselves to accept it as sufficient.

Note 1.—A candidate who has appeared at an examination the passing of which would render him eligible to appear at this examination, but has not been informed of the result, may apply for admission to the examination. A candidate who intends to appear at such a qualifying examination may also apply, provided that the qualifying examination is completed before the commencement of this examination. Such a candidate will be admitted to the examination, if otherwise eligible but the admission would be deemed to be provisional and subject to cancellation if he does not produce proof of having passed the examination, as soon as possible, and in any case not later than two months after the commencement of this examination.

Note 2.—A candidate seeking admission to the examination with the qualification mentioned in para 6(f) of the Rules must submit a certificate from the Principal/Dean of the College/Institution/University concerned, showing that he has passed/taken the M.Sc. degree examination or its equivalent with one of the special subjects mentioned therein.

(v) *Photographs.*—A candidate must submit two passport size (5 cm. × 7 cm. approx.) copies of his recent photograph one of which should be pasted on the first page of the application form and the other copy should be firmly attached to the application form. Each copy of the photograph should be signed in ink on the front by the candidate.

5. Candidates are warned that if an application is incompletely or wrongly filled in or is not accompanied by any one of the documents mentioned under paragraph 4(ii), 4(iii), 4(iv) and 4(v) above without a reasonable explanation for its absence having been given, the application is liable to be rejected and no appeal against its rejection will be entertained. The documents not submitted with the application should be sent soon after

the submission of the application, and in any case they must reach the Commission's office except as provided for in Note I under paragraph 4(iv) above, within one month after the last date for receipt of applications. Otherwise, the application is liable to be rejected.
